6th Grade

Each day's/week's assignments can be found in your student's Schoology account or in the packet sent home.

Follow any directions here, on schoology, or in your packet to complete the work. Do this work at a time that works best for you and your family.

If you have any questions please feel free to contact your student's teacher via email. Email addresses can be found on the following slide.

Attendance still must be recorded for each school day. This will be done through Schoology discussion posts, phone calls, emails, Google Meet, or submitting an assignment.

Thank you for your cooperation and effort on this as we learn about this process together!

Student Email Access

All of the students in 6th grade have a school assigned email address. That email would be the easiest for the students to directly interact with us (the teachers).

Their emails are based in Google and can only send and receive emails from people within our school's network.

The emails are (First Initial)(Last Name)(Grad Year)@isd91.org and their passwords were set up by the kids as an (Animal)(Color)(Lunch Number).
